Central East Local Health Integration Network
Chair's Report
October 24, 2018

Below is a summary of activities that the Board Chair has been involved in during the month of October:

Pan-LHIN Governance Activities

On October 1st, LHIN Chair Council Co-Chair, JP Boisclair and I also held a teleconference with Assistant Deputy Minister Tim Hadwen at the Ministry of Health and Long-Term Care to discuss the Chairs' Council.

Board-to-Board Engagement and Attendance at Events

On October 11th, Board Member Michael Nettleton attended the official opening of the Carea Community Health Centre's Pickering location along with Interim Chief Executive Officer, Dr. Barry Guppy. The enhancement of the interprofessional team-based care services at Carea will better connect people in the Durham Sub-regions with a broad variety of health care services, including mental health and chronic disease management.

Government Relations

The Interim CEO and I had the pleasure of meeting with two of our newly elected local Members of Provincial Parliament (MPPs) as part of their introductory engagement with the Central East LHIN. On October 10th, we met with Ajax MPP Rod Phillips (Minister of Environment, Conservation and Parks) and Haliburton-Kawartha Lakes-Brock MPP Laurie Scott (Minister of Labour). We are also currently scheduled to meet Scarborough Agincourt MPP Aris Babikian, Scarborough-Rouge Park MPP Vijay Thanigasalam and Scarborough Centre MPP Christina Mitas on October 26th.

Board Committees

The Audit and Finance Committee met on October 23rd. Mr. Connolly will be providing a report to the Board on the business of the Committee. The CEO Search Committee also held a meeting on October 18th. A Governance and Community Nomination Committee meeting will also be held on October 31st.

Personal Development

On October 4th, I participated in the Ethics Executive Orientation Workshop in Toronto, organized by the Conflict of Interest Commissioner.

Respectfully submitted,
