Employment opportunity for full time Nurse Practitioner

East GTA Family Health Team is looking for talents in the Scarborough community.

- **We are currently looking for a NP with experience in Primary Care. NP will be responsible for the development and implementation of some of the programs and services offered by the FHT to anyone in the Scarborough region. These include prevention and education programs for disease prevention, and management of chronic diseases. One of our current priorities is looking after the needs of frail, elderly seniors so that they can continue to stay at home and avoid unnecessary trips to emergency. Please visit our web site for more details on our FHT in general and program offerings.**
- **East GTA FHT provide primary healthcare to over an estimated 70,000 patients in the Scarborough and neighboring communities. Its programs and services have been open to the public since 2012.**
- **We are located in a brand new, fully accessible, state of the art medical building (520 Ellesmere Road, 6th floor --- it is between Birchmount and warden); there are plenty of free parking.**
- **We are funded by the Ministry of Health and Long Term Care, and offer fair wages, a flexible benefit plan (100% paid by the employer) to suit your particular situation, and work-life balance amongst many of our stated values. We work Monday to Friday, and there is no shift work.**

Preference may be given to those living in our catchment area, and with multiple linguistic skills common in the Scarborough area.

We are proud supporter of employment equity and take our corporate social responsibility seriously.

If you like to explore this opportunity please send your brief CV to sudinray@rogers.com . No cover letter please.
